

Albuquerque Chapter of the American Guild of Organists Substitute Roster 2016-17

(updated January 19, 2017)

Members named here are available to serve as organist/pianist substitutes, or as guest conductors, based upon those who indicated their availability in their membership renewal applications for this year. Location of the member and any preferences, if given, for type of service and instrument are indicated.

It is left to the negotiating parties to determine an honorarium taking into account compensation for performance time, practice time, and mileage; the persons's familiarity with a given liturgical tradition; and the reasonable availability of the facilities for practice time.
